* Hand in at the student administration (MF 5.103) together with an official result form (*uitslagbon*)
* Please fill in the back of this paper (about confidentiality of the thesis)
“Master Project Assessment Form” checklist

**Report**
2. Readability (grammar, style).
3. Correctness and relevance of details.
4. Choice of examples, legibility and explanation of figures.
5. Originality and independence.
6. Knowledge of the literature.

**Graduation presentation**
2. Quality of slides (right amount of information, relevance of the information for the audience, figures).
3. Balanced presentation, audibility, contact with the audience, finish in time.
4. Answering questions.

**Defense**
1. Understanding the question.
2. Quality and relevance of the answers.
3. Defend opinions, admit mistakes.

**Execution of the project**
1. Originality and independence.
2. Transition from “being guided” to “guiding”.
3. Maintaining the project’s main goal if possible, adjusting the course if necessary.

The graduation supervisor declares that the final thesis of the graduation is:

- O **public**
- O **confidential for 1 year**
  
  Note: include the publication date (one year from now) in the report

- O **confidential for ever**
  
  Note: a public version of the thesis is required for publication

Explanation: the graduation reports will be made public at the website of the TU/e;

in the first case immediately and in the second case after a period of one year.
